WHO WE ARE

Who We Are

MoCo Arts is a nonprofit family-centered arts education organization located in beautiful downtown Keene. Focused on creating a better community through arts education, MoCo provides high-quality dance, theatre, and multi-arts instruction to kids from all over the Monadnock Region and beyond.

Committed to keeping the arts accessible, each year MoCo provides significant tuition assistance to families in need, and outreach that brings MoCo educators and programs to area schools, daycares, and other organizations.

Annually, 40% of our needed revenue comes from the support of you and our amazing community from individual donors, our signature fundraiser LIGHTS. CAMERA. KEENE!, private and foundation grants, and corporate sponsorships. Thank you!

Why it Matters

The importance of arts education for our children cannot be overstated. There is overwhelming evidence that children who are offered opportunities to explore the arts experience a deeper connection with peers, a higher level of confidence, increased creativity, and develop a love of learning that enables them to excel in other academic areas. Arts education teaches children that it's ok to be themselves. To embrace our differences and to recognize and utilize our unique strengths. Arts education is an equalizer. Breaking down barriers and building stronger relationships.

MoCo's culture successfully combines inclusiveness, encouragement and respect, with rigor, high-expectations and professionalism. Students are nurtured, encouraged to take risks, make mistakes, and build self-confidence to accomplish individual and collective goals. MoCo kids take their confidence onto the stage, into the classroom and into the community. They are our future leaders. And through the transformational effects of arts education, and a little MoCo Magic, the future is bright.

A MESSAGE FROM

THE EXECUTIVE DIRECTOR

Welcome to our 2020-2021 performance season!

We are delighted to have our true stars shine again, the students of MoCo Arts! After cancelling so many shows in the spring, the staff knew we needed to give our students their performance moment and continue their development and educational experience. While we are unable to perform in person due to guidelines and restrictions, we are excited to be streaming these wonderful performances and show you the hard work and dedication of our students and staff.

While the future is still very unclear, MoCo is committed to its students and the arts education we deliver. We continue to have our student's best interest in mind and will continue to push forward in a way that keeps them safe along with their families and our staff.

I could not be more proud of the work our staff has done and continues to do during the pandemic to keep the kids engaged. Their dedication and commitment is incredible, as they care deeply for the students and the work they do. I want to thank them for their tireless efforts!

You, our community, have been so supportive of our work and that has only grown during the pandemic. Our families and donors make it possible for us to provide transformational experiences in the lives of the students in the community. You continue to go above and beyond to make sure MoCo perseveres during these difficult times. We are grateful for your support of the arts and especially children in the arts. On behalf of our staff and Board of Directors, I thank you!

Now it is show time, so sit back and enjoy the show, with the true stars of MoCo Arts: Our Students!

All the best,

Reagan Messer

Director's Note:

COVID-19 has presented actors and directors with the opportunity to try new ways of sharing the art of theater. Performing virtually is a challenge. You have to reach the audience through a flatscreen and create dynamic and interesting characters. This group of talented young actors rose to the challenge of creating art in an entirely different way. Their willingness to step out of their comfort zone and try new ways of performing creates an incredibly hilarious take on classic fairytales. Most of these students are new to virtually performing and not only developed interesting characters but also had to create their costumes, sets, lighting, sound, and props. For the next hour dive into a world of classic fairytales gone awry lead by two very different Narrators and a retag group of Zoom actors. I hope you can sit back and enough quite a few laughs. And thank you so much to Alexis, Drew, Lily, Amira, Gabby, Katie, Mackensie, and Grady for all your hard work!

Tickets are distributed through nonprofit organizations in the Monadnock Region that serve low-income families and disadvantaged youth.

This initiative is part of **MoCo's continuing commitment to make the arts accessible to all.**

Previous recipients of Community Stars Seats include:

- ◆ Big Brothers Big Sisters
- ◆ Cedarcrest Center

A LIFE TRANSFORMED: NIKO

“MoCo is a safe haven from the rest of the world, a place where I can truly be myself and express myself through the arts.”

MoCo is a safe haven from the rest of the world, a place where I can truly be myself and express myself through the arts. It was at MoCo that I was able to discover my passion for live theater and dance, a passion that I hope to continue into the future. The Arts for Life scholarship allows me to pursue this at a time where it might not have been so easy, and I am extremely grateful to Maich, Ed, Reagan [Messer], Marty [Hennum], and Danielle [Fitzpatrick] for making this possible.

A LIFE TRANSFORMED: MALCOLM

"Having my son find something that allows him to be who he is and shine that bright is immeasurable to me."

My son Malcolm was given the opportunity to participate in your summer C.A.K.E. program with tuition assistance. He spent three weeks in camp and has never been so happy and excited to go somewhere every morning. The self-confidence he gained in the summer program was truly indescribable. Malcolm has struggled with school from the very beginning, and struggled in structured programs. His anxiety, and attention issues have always played a part in his day to day life. However, in C.A.K.E. he was able to express himself, learn and grow, make friends and perform. He blossomed for three weeks, and then he performed in his musical and at the extravaganza, and he really shone bright. Having my son find something that allows him to be who he is and shine that bright is immeasurable to me. Thank you for the opportunity!
