WHO WE ARE

Our Mission

Transforming Lives Through Movement and Creative Expression

Who We Are

Founded in 1991, MoCo Arts is a nonprofit family-centered arts education organization located in beautiful downtown Keene. Focused on creating a better community through arts education, MoCo provides high-quality dance, theatre, and multi-arts instruction to kids from all over the Monadnock Region and beyond.

Committed to keeping the arts accessible, each year MoCo provides significant tuition assistance to families in need, and outreach that brings MoCo educators and programs to area schools, daycares, and other organizations.

Annually, 40% of our needed revenue comes from the support of you and our amazing community from individual donors, our signature fundraiser LIGHTS. CAMERA. KEENE!, private and foundation grants, and corporate sponsorships. Thank you!

Why it Matters

The importance of arts education for our children cannot be overstated. There is overwhelming evidence that children who are offered opportunities to explore the arts experience a deeper connection with peers, a higher level of confidence, increased creativity, and develop a love of learning that enables them to excel in other academic areas. Arts education teaches children that it's OK to be themselves. To embrace our differences and to recognize and utilize our unique strengths. Arts education is an equalizer, breaking down barriers and building stronger relationships.

MoCo's culture successfully combines inclusiveness, encouragement and respect, with rigor, high-expectations and professionalism. Students are nurtured, encouraged to take risks, make mistakes, and build self-confidence to accomplish individual and collective goals. MoCo kids take their confidence onto the stage, into the classroom and into the community. They are our future leaders. And through the transformational effects of arts education, and a little *MoCo Magic*, the future is bright. We're excited to celebrate 30+ years and to teach MoCo's next generation of students.

A LIFE TRANSFORMED: GREY LEINAU

"I've made friendships and connections here that will last a lifetime."

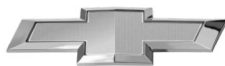

When I first started at MoCo, I thought it would be intimidating. But soon after, I realized that all people want here is to share the joy of putting on a good show! I've made friendships and connections here that will last a lifetime. MoCo has helped me express myself in ways I didn't know I could and become a much more confident person. Just a couple years ago, I never would have imagined myself doing something so extroverted as theatre. But signing up was the best decision I have ever made. MoCo is one of the friendliest and most accepting places I have had the pleasure to experience.

A LIFE TRANSFORMED: ANTONIO MACK

"MoCo has helped me be more confident both on stage and off."

My first experience with MoCo was in dance class as a 9 year old. I loved MoCo right from the beginning. The first time I performed at MoCo was The Jungle Book and even though I was nervous at first, I ended up having a great time. The teachers at MoCo do an amazing job making everyone feel a part of something larger than themselves. Now I am in theater and dance and it is a big part of my life. I find myself looking forward to all my MoCo classes each week. MoCo has helped me be more confident both on stage and off. My classes at MoCo allowed me to find a supportive group of people who also find joy in theater and dance.
